

GEOHERMAL TRAINING SERIES 2023

Training and courses are divided into two main aspects, namely the exploration and engineering aspects. All instructors and trainers are experts in their fields. Given material is in theory and practical view. Knowledge and experience sharing are also given in these training. We offer two options:

Option 1: Open Courses

1. Minimum 8 participants per course
2. Courses will be held at ITB, Bandung
3. Offered courses are outlined on the table
4. Price shown doesn't include 11% Value Added Tax (PPN)

for more information

Option 1: In-House Courses

1. Training topics and schedule can be requested and discussed by your company
2. Course fee is Rp. 2.500K (Excluding 11% VAT) per day per participant, with minimum 8 participants
3. If the In-house course is held outside Bandung, accommodation and transportation for the trainers are paid by your company

Geothermal ITB

Code	Geosciences	Duration	Price (IDR)/Person
G1	Geological Exploration for Geothermal	5 Days	12.500K
G2	Geothermal Remote Sensing	5 Days	12.500K
G3	Geochemical Exploration for Geothermal	3 Days	7.500K
G4	Hydrothermal Alteration Mineral Identification: Theory and Practice	5 Days	12.500K
G5	Geophysical Exploration for Geothermal	5 Days	12.500K
G6	Micro Earthquake: Theory and Practice (Tools&Software demo)	3 Days	7.500K
G7	Geothermal Exploration Best Practice: Understanding the Geothermal System, Exploration Concept, Strategy and Risk	5 Days	12.500K
G8	Geothermal Geoscience Data Evaluation, Conceptual Model, Well Targeting and Preliminary Resource Assessment	5 Days	12.500K
G9	Geoscience Data Modeling of Geothermal System	5 Days	12.500K
G10	Practical Geochemical Smampling and Data Analysis	3 Days	7.500K

Code	Engineering	Duration	Price (IDR)/Person
E1	Macro Excel for Geothermal Application	5 Days	12.500K
E2	Subsurface Engineering	5 Days	12.500K
E3	Geothermal Reservoir Modelling	5 Days	12.500K
E4	Geothermal Production Engineering	5 Days	12.500K
E5	Geothermal Power Plant	5 Days	12.500K
E6	Geothermal Project Financial Analysis	5 Days	12.500K

Code	Special Topics	Duration	Price (IDR)/Person
S1	Geothermal Training for Operator	5 Days	12.500K
S2	Geothermal for Everyone	2 Days	5.000K
S3	How to Improve Environmental, Social, Governance (ESG) Rating	3 Days	7.500K
S4	Understanding Social Impact Management & Problem Solving during Development & Operational Period	3 Days	7.500K
