

TOTAL SUMMER SCHOOL

Université Total is inviting 140 students from around the world to take part in a weeklong summer school session to analyze and discuss major energy issues and challenges, alongside key managers and a number of experts from science and industry.

The fifth session of the Total Summer School will be held in July 2011, near Paris, France.

The working language will be English.

For more information about the Total Summer School – Application Form, please contact:

> **TOTAL E&P INDONESIA:**
Ms. Anna Restu Wardhani
(ep-id-hrc.scholarship@total.com)

The Total Summer School is intended for students who are about to start their final year of study before graduation at the top schools, universities and educational institutions in our main partner countries.

Participants will focus on five key issues and challenges facing international oil and chemical companies:

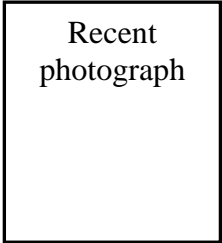

- **Economic:** Is the global tension between energy supply and demand here to stay?
- **Geopolitical:** What are the main causes of uncertainty and tension and how can they be alleviated?
- **Energy diversification:** Are there credible, competitive alternatives to finite resources, in particular in the transportation segment?
- **Environment:** What strategies can be deployed to combat global warming?
- **Social and managerial responsibility:** How can our ethical and managerial values be made compatible with the wide diversity of countries, people and situations?

These topics will be addressed at round tables and in presentations and workshops.

In smaller workshops, students will be able to contribute actively to the program, share ideas, express their views and ask questions about the main topics of the seminar

During the summer school, students will be able to take advantage of cultural opportunities in Chantilly.

Université Total and the Total subsidiaries taking part in the Summer School are financing transportation, accommodation and meals for the participating students.
A detailed program will be sent to the successful applicants in Spring 2011.

APPLICATION FORM (1/6)

• **1. Personal Details**

- Surname
- Date of birth (d/m/y)
- Gender
- **Home address:**
- - Street
- - Postal or zip code
- - City
- - Country (country code)
- Home telephone • Cell phone
- E-mail address
- Have you been to France previously? Yes No:
- If yes, please specify the year and length of your stay
- First name (s)
- Nationality

• **2. University Details**

- **Name**
- Address
- - Street
- - Postal or zip code
- - City
- - Country
- Telephone (switchboard)
- Academic supervisor • Telephone
- E-mail address

• **3. Fluency in English and French**

Mother tongue:

- Level of English (written and spoken) Fluent: Intermediate:
- Level of French (written and spoken) Fluent: Intermediate: beginner:
- Have you taken a TOEFL-type test? Yes
- If yes, which one? What grade did you obtain?

APPLICATION FORM (2/6)
