Theme:

“Robots-related Technology”

About ASCENT...

The students of Tokyo Institute of Technology, Chulalongkorn University from Thailand, Institute of Technology Bandung from Indonesia and De La Salle University from Philippines study about “Robots-related Technology” together in Japan. This program contains visiting companies related to the program theme, special lecture, visiting laboratories and final presentation. All programs will be held in English.

# ASCENT

## 4th Asian Students Collaboration Encouragement Program in Technology
