Technische Universität München

The summer school is organised in partnership with the top-ranked universities and leading European businesses

Come to Europe, the world's most exciting and culturally rich place for clean-tech innovation and startups

Take action on climate change, benefit from the huge momentum driven by the European Union on building a low carbon economy

Boost your career and engage with some of the world's top climate and business experts, universities, leading businesses and startups

Top 5 reasons to attend

1 Boost your career!

Climate-KIC's summer school, The Journey – Global Edition, is the world's largest climate innovation summer school hosted at some of Europe's most buzzing entrepreneurial and cultural hot spots – London (UK), Zurich (Switzerland) and Munich (Germany).

2 Learn by doing

Unique hands-on entrepreneurship training – develop your knowledge, identify your idea and create your business plan in just five weeks!

3 Thought leadership

Get the latest climate science knowledge and insights to help identify market opportunities! Enjoy thought leadership and business innovation coaching from our world-class partner network.

4 Climate experts

Engage with some of Europe's best climate and business experts and engage with our world-class network of top universities, leading businesses, startups and meet like-minded students from all over the world!

5 World-class network

Take action on climate change! The world needs innovators to help bring down CO2 levels and shape the world's next economy.

“ The Journey was epic from beginning to end! The experience and knowledge I gained in climate entrepreneurship, marketing and the making of a business plan was priceless. ”

– Tommie Månsson, summer school student 2014
