

Annex 2

Information session on funding opportunities for PhD, Post-Docs and University Partnerships

A joint initiative of Directorate General of Education and Culture (DG EAC) Brussels

And the EU Delegation to Indonesia and Brunei Darussalam

30 October, 2015

InterContinental MidPlaza Hotel

Jl. Jend. Sudirman Kav.10-11, Jakarta 10220, Indonesia

Purpose:

To disseminate information on the European Union funding opportunities to finance PhD, post-doctoral programmes and university partnerships.

Costs:

Participation in the workshop will be free of charge. Lunch is included in the programme. Participants must cover their own travel and/or accommodation costs.

Participants

- This event is open to staff of universities and research institutions who are actively involved in international cooperation and administering mobility of PhD, post-doctoral programmes and university partnerships
- The information session will be conducted entirely in English and therefore it is necessary that participants possess a sufficient level of English.
- In order to ensure maximum participation from various institutions, only one representative from one institution is allowed to participate

Concept:

Interactive information session allowing for presentations and open discussions.

Application process:

Interested participants should send an email to: Ms Inesa Muliadi at email address:

Inesa.muliadi@ehf-Indonesia.org by mentioning:

- Full name
- Position
- Name of institutions / universities, city, country.

Application deadline is: **15 October 2015**

The organiser reserves the right to limit the number of participant. The application process will be closed once the number of eligible participants reached 50, even if earlier than 15 October 2015.

Only participants receiving positive email confirmation from the organiser will be accepted into the information session.

About the Facilitator of the Information Session

Dr Graham Wilkie

Policy Officer, Directorate General for Education and Culture, European Commission

Originally a neuroscientist, Graham joined the UK Government in 1995 after finishing his first postdoc. He worked on the UK's participation in the EU's Research & Development Programmes. In 1997 he started working for the European Commission in the Directorate General for Research where he focused on life science projects within the Marie Curie Programme.

Since 2012, he has worked in the international relations team in the Commission's Education Directorate General where he concentrates on encouraging partnerships between European universities and their counterparts around the world.
