NOTES:

- **Note 1:** **Requirements:** Applicants are asked to provide proof of enrolment in a foreign university and of having passed a **Level A1 Italian**

language test. Admittance is only to courses with a minimum duration of 3 months and of an **A2 university level or higher**; applicants must be enrolled in the 3rd year or higher and have passed at least one university level Italian language exam in their home country. Recommended are the Italian language courses offered by the Universities for Foreigners in Perugia and Siena. All beginner level and/or less than 3-month language courses are excluded. Upon completion of the course attended the bursary-holder will have to sit the required exams.

- **Note 2: Requirements:** Applicants must be **foreign teachers with documented experience in teaching Italian as a foreign language (IFL) in their country of origin**. Admitted only are courses of a minimum 3-month duration given at the Universities for Foreigners of Perugia and Siena. Upon completion of the course attended the bursary-holder will have to sit the required exams.

- **Note 3: Requirements:** Applicants must duly document study or research projects they intend to carry out at the chosen facility for a period of at least 3 months. Projects must have prior written approval, in a letter to the applicant from an Italian host institution supervisor. The letter must state the supervisor's willingness to accept responsibility also for assessing the bursary-holder's performance both during and at the conclusion of the study or research activity.

- **Note 4: Requirements:** Applicants must provide **certification both of enrolment in a foreign university and of pre-acceptance by the Italian university** where they intend to study.
Preference is given to bursary applications for Level II individual university courses of a 6-month minimum duration, accompanied by a letter of pre-acceptance from the chosen university. Upon completion of the course attended the bursary-holder will have to sit the required exams.

- **Note 5: Requirements:** Applicants must provide proof, valid in their place of residence, of having completed upper secondary school and/or first level university studies depending on the University Level they intend to follow. Preference is given to bursary applications for Level II University courses accompanied by a letter of pre-acceptance from the chosen university. Bursary-holders may request renewal of the bursary for the subsequent academic years in compliance with the **"Memorandum for Bursary-Holders"**.
Since Italian Law no. 264/99 provides that admittance to some degree-path courses can be selective, applicants are advised to apply for selection and pre-enrolment at several universities offering the same type of study and degree categories, in order to increase the chances of admittance and avoid

annulment of the bursary. Upon completion of the course attended the bursary-holder will have to sit the required exams.

- **Note 6:** **Requirements:** Applicants must provide proof, valid in their place of residence, of having completed upper secondary school studies for admission to State or legally accredited academies or conservatories. It is advisable to have a letter of pre-acceptance from the Italian Institution chosen.

Eligible courses, of a minimum 6-month duration, include those offered by institutes...of advanced professional, art, music and choral training (academies, conservatories, ISIA, etc.), restoration institutes and the National School of Cinema. It is advisable to apply to several of the above-mentioned institutes for the reasons described in Note 5. Upon completion of the course attended the bursary-holder will have to sit the required exams.

- **Note 7:** **Requirements:** Bursaries for teacher training or refresher courses, reserved for foreign teachers of L2 Italian language courses, and university students with a degree equivalent to the Italian short degree who have passed at least one university-level Italian language exam in their country. Bursaries are awarded for specific course programmes with a minimum 6-month duration offered by the Universities for Foreigners of Perugia, Siena and Roma Tre, or other accredited institutions authorized to certify knowledge of the Italian language or teachers of Italian as a Foreign Language. Upon completion of the course attended, the bursary-holder will have to sit the required exams.

- **Note 8:** **Requirements:** Applicants must have a degree corresponding with the Italian first or second Level degree depending on the Master course chosen and eventual other documentation as requested by their chosen Italian institution.

All Level I and II Masters courses must have minimum six month duration and are not exempt from enrolment fees. If the course requires a period of study outside of Italy, payment of the bursary will be suspended during that period. Since admittance to Masters Courses is often on a selection basis, and courses require a minimum number of participants to be held, it is the applicants' responsibility to make sure both of their admittance to the course and its actual start date. Bursary-holders are reminded that they have a right to the awarded bursary only for a period of study to be completed by 31 December 2013, and only if they attend the courses originally chosen. Upon completion of the course attended the bursary-holder will have to sit the required exams.

- **Note 9:** **Requirements:** Since admission to research doctorates in Italy is regulated by strict provisions issued by individual universities, in addition to the requirements listed in Note 8, applicants

are required to have established contact with the university of their choice before submitting their bursary applications in order to agree on admission requirements. Since admission is by selection, in order to increase the chance of being accepted, it is advisable to apply to take the entrance exam for several universities, and best in the context of eventual protocols of understanding between their university of provenance and the Italian one.

- **Note 10: Requirements:** See Note 8. Courses must be of minimum six month duration. Medical studies are categorically excluded from the list of eligible specialisations (See Legislative Decree no. 257 of 08.08.1991). For admission see also **Note 9**. The research project proposal must be submitted with the application, in addition to letters of acceptance from the professor or expert supervisor of the research project proposed by the applicant, and from the director of the Italian academic institution or facility meant to host the bursary-holder.
Priority will be given to applicants whose study and research aims are cited in existing bilateral agreements with the researcher's home university. To receive each quarterly payment, in addition to the documentation cited in the **Memorandum for Bursary-Holders** . Bursary-holders will be required to send periodical summary reports of the study or research activities carried out to the Country Contact at Office VII of the DGSP.

- **Note 13** The applicant age limit can be extended to **those born after June 1st 1966 (45 years of age)** for teachers of the Italian language with documented, ongoing Italian language teaching experience in their country of origin.

Since age limits can vary, as some institutions are legally required to set different ones, applicants are advised to check directly with the institutions concerned (e.g. the legal age limit for the National School of Cinema is 27).

- **Note 14** A reliable and unrestricted Internet connection is indispensable. Some Italian Embassies or Italian Cultural Institutes may offer assistance in filling out the on-line form and/or may make a request to submit a paper copy of the "*On-Line Application Form*" and other documents. Please check!

All applicants selected will immediately be contacted and required to forward copies of their documentation, duly authenticated and with an official translation, as indicated by the Italian Diplomatic Representative.

- **Note 15** **Most applicants will need a certificate of intermediate level Italian** (e.g. CILS B2, CELI 3, PLIDA B2 or INT.IT Roma Tre) or of equivalent linguistic competence issued by a local organization or language school (e.g. Italian Cultural Institute, Dante Alighieri Society branch etc.). Applicants for enrolment in advanced musical training courses, 3-month language courses or University courses held entirely in English, will have to demonstrate at least A2 level certification of competence in Italian, or equivalent.

- **Note 16** Upon arrival in Italy bursary-holders must go, within eight (8) days, to the Questura (Police) of the town or city where they will be living during their studies. They should apply at the Questura for a residence permit for study reasons. In the case of arrival in Italy before the bursary start date, the bursary-holder will have to apply for the residence permit according to the instructions of the Questura.

- **Note 17** Residence permits for study during periods not included in the duration of the bursary will be issued by the Questura only to foreign students with health insurance coverage. Therefore, bursary-holders who arrive in Italy before the start date of the bursary or that need to stay on after its expiration, if they are non-EU citizens (i.e. do not have a **T.E.A.M., E111 or E128 health**

insurance card from their home country), will have to take out health insurance at their own expense.

- **Note 18** Bursary-holders requesting the first renewal will have to have passed at least two exams in the preceding year. Subsequent renewals depend on passing all the exams included in the study plan for the preceding academic years and two in the academic year current at the deadline for bursary renewal application. Renewals may be accorded only for a number of years not exceeding the legal length of course of study.

Bursary-holders that have passed the age limit may not apply for renewal.
