

WELCOME TO RECAV 2017, BALI

Association of Acoustics and Vibration Indonesia (AAVI) and Society of Acoustics Singapore (SAS) in cooperation with Acoustical Society of America (ASA), International Commission on Acoustics (ICA), Institut Teknologi Sepuluh Nopember Surabaya (ITS) and Institut Teknologi Bandung (ITB) are pleased to invite scientist and engineers from all over the world to attend the Regional Conference on Acoustics and Vibration (RECAV) to be held in Inna Grand Bali Beach, Bali, Indonesia on November 26-29, 2017

This event will provide opportunity to participants to disseminate their recent original research findings, discussing current issues, and exchange of ideas related to acoustic and vibration technologies. It is also hoped to promote transfer of R & D outcomes into applications that match with industrial and societal needs nationwide, as well as for the ASEAN regions, which will eventually strengthen the collaboration and boosting the economic growth through strong partnerships among academicians, researcher, industries, and government supports.

THE CONFERENCE VENUE: GRAND INNA BALI BEACH, BALI

Inna Grand Bali Beach is the most complete resort complex in Bali, featuring state-of-the-art visitor facilities but also numerous artistic amenities that bring to life the cultural excellence of the Balinese people. This hotel offers the perfect location for the RECAV 2017 conference with easy access to all the sights that Sanur Beach has to offer. The hotel is set on a wide stretch of white sand right at the heart of Sanur Beach. It is approximately 25 minutes from Bali's Ngurah Rai International Airport. Details on accommodation at the Conference venue can be found on the Conference website.

SUBJECT AREAS:

The conference scope includes, but not limited to the following areas:

- Acoustical Oceanography
- Animal Bio-acoustics
- Architectural Acoustics
- Biomedical Acoustics
- Engineering Acoustics
- Industrial Track
- Musical Acoustics
- Material for Noise and Vibration Control
- Noise
- Nonlinear Vibration
- Machinery and Vibration Control
- Psychological and Physiological Acoustics
- Signal Processing in Acoustics
- Speech Communication
- Structural Acoustics
- Underwater Acoustic
- Vibration of Shell and Plate

KEYNOTE SPEAKERS

Intan Ahmad

Director General of Higher Education, Indonesia

Topic: to be announced

Jeong Guon Ih

President Emeritus of Acoustical Society of Korea

Topic: to be announced

Woon Siong Gan

President of Society of Acoustics Singapore

The invited speakers to be announced.

SUBMISSION OF ABSTRACTS AND FULL PAPERS

Abstract Deadline:

20 June 2017

Notification of Acceptance of Abstracts:

25 July 2017

Deadline for Full Paper Submission:

15 September 2017

All accepted papers will be published on IOPscience Journals of Physics: Conference Series

EXHIBITION AND SPONSORSHIP

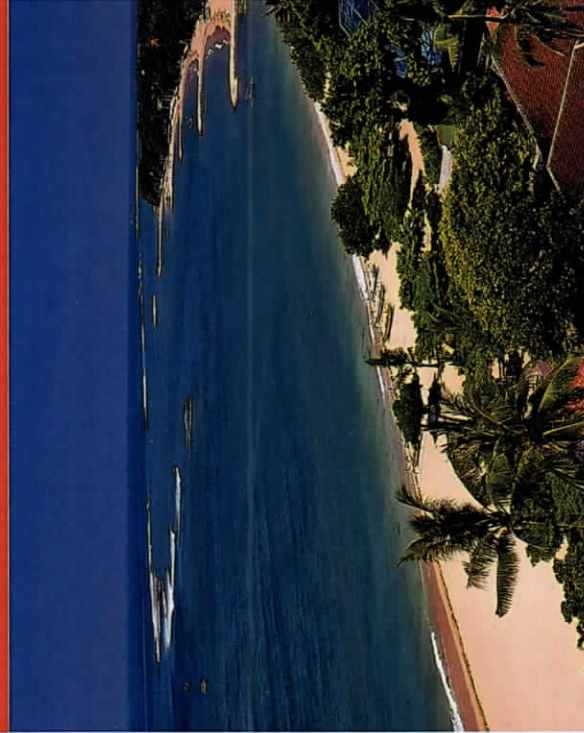

The RECAV 2017 is likely to attract around 200 researchers from all over the world. It provides a wonderful opportunity to meet and disseminate ideas. Additionally, most of the Indonesian and overseas students majoring in acoustics and vibration are included in the program. Moreover, there will be an industrial track to exchange best practices among researchers and engineers. Please see RECAV website for full details.
